# ABARCA, LEERIE 0.

## ENTRY-LEVEL VIDEO EDITING & PROGRAMMING APPLICANT

Iligan City, Lanao del Norte | leerieabarca7@gmail.com | Phone: 0966069037

## PROFESSIONAL SUMMARY

Motivated BS Information Technology student at St. Michael's College seeking an entry-level opportunity in video editing or programming. Has basic computer knowledge, introductory programming experience through learning and school projects, and a strong willingness to learn. Ready to follow instructions, accept feedback, solve problems, and develop technical and creative skills.

## SKILLS

### Video Editing (beginner)

- Basic video trimming and arranging clips
- Adding text, titles, and captions
- Using simple transitions and visual effects
- Basic audio placement and synchronization
- Organizing media files and following editing instructions

### Programming & Technical Skills (beginner)

- Python fundamentals and basic program logic
- C++ fundamentals, variables, conditions, loops, and arrays
- Basic HTML for creating webpage structure
- Finding and correcting simple code errors (debugging)
- Basic GUI development with Python Tkinter through school projects

### General Skills

- Communication and teamwork
- Problem-solving and attention to detail
- Time management, adaptability, and willingness to learn

## RELEVANT EXPERIENCE

### School Projects and Independent Practice

Developing practical IT and programming knowledge through coursework and project work. Interested in applying and expanding video-editing skills through personal, academic, or entry-level assignments. Specific projects and editing software can be added when applicable.

## EDUCATION

### St. Michael's College

Bachelor of Science in Information Technology (BS IT)

## CAREER OBJECTIVE

To gain practical experience in video editing and programming, strengthen creative and technical abilities, and contribute reliable work while continuing to learn.
